About Hindi

If you are interested in India, then you should think about learning Hindi. Hindi is the lingua franca of north India and is the biggest language in South Asia. It is spoken by around half a billion speakers. The knowledge of Hindi can take students deeper into society with thousands of year-old culture and let them have firsthand experience of mysterious land with exotic flavours and staggering landscapes. Learning Hindi is also one of the best ways to get to grips with understanding Indian popular culture and Bollywood cinema; the world of colourful songs and dances, and melodramatic stories.

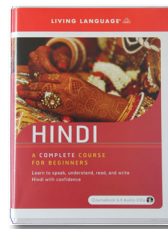

In the increasingly globalised world, India is taking centre stage in global economy. The knowledge of Hindi can give an extra competitive edge in the future job market.

Structure of the Language Programme

The Hindi programme consists currently of four modules:

Elementary Level:	Hindi 1 and Hindi 2
Intermediate Level:	Hindi 3 and Hindi 4

Once established, the immersion programme is expected to include an intensive language course, and educational and cultural activities in India.

Entry Requirements

There are no special entry requirements for the Hindi language modules. The pre-requisite for higher level Hindi modules is a pass in one level lower Hindi module. Students who have previously acquired knowledge of the language but do not fulfill the formal pre-requisites may qualify through the placement tests.
