

Dear Students,

The period of registration for SEP LPP students for French 2 (LAF2201) AY2015-16 Semester 2 is from **Wed, 2 December 2015 (9am) to Tues, 8 December 2015 (11.59pm)**. The link to the registration website is at https://ap4.fas.nus.edu.sg/cgi-bin/FAS_SLP/ISIS_sep_modreg.pl

Below are the guidelines on registration procedure:

1. You can indicate 3 preferred choices and there are 2 attempts for you to change your choice within the registration period. Although you may have indicated 3 choices, there may be occasions when allocation of lecture group may differ and you will be given any one group based on vacancy.
2. Please note that we will not accept any request for pre-allocation after this registration ends. Students will have to bid for the modules through CORS.
3. It is important that you check and plan your time table carefully before indicating your preferences for lecture classes. Please ensure that there is no lecture and tutorial timetable clash. You may check the timetable for the French modules at the FASS website:
http://www.fas.nus.edu.sg/undergrad/toknow/modules_offered.html
4. The results of allocation will be posted on CLS website at <http://www.fas.nus.edu.sg/cls> on Monday, 4 January 2016. The module (lecture group allocated) will be pre-allocated to you and 1 point will be deducted from your account on 4 January 2016.
5. In the event if you decide to drop the module after the release of result, 1 point will be deducted from your account.
6. We will not be able to assist you if you decide to change your lecture group after the pre-allocation. You can [drop the module online](#) and bid with other students through CORS for another lecture group. Should your bidding attempt be unsuccessful, you will have to wait till the end of the bidding period for any balance of vacancies for the module. However, there is no guarantee that there will be vacancies left for you. In other words, any changes to the lecture groups must be managed at your own risk.
7. Mutual swapping of lecture groups will not be allowed unless there is proof of lecture clashes.
8. Please inform us by Friday 4 Dec 2015(12 noon) if you decide to opt out of the program.
9. Please note that your registration is subject to meeting the pre-requisite of the next module and you are not required to register in the MPE system.

If you do not register for the lecture group by the stipulated timeline, we shall presume that you decide to drop the module.

For further queries, you may contact Ms Low Lee Enn at clsll@nus.edu.sg or myself at clsipy@nus.edu.sg

Thank you,
Low Lee Enn
